#### Call to order – 2pm

Motion to approve Agenda made and seconded. Motion passed unanimously.

Motion to approve minutes from February meeting made and seconded. Motion passed unanimously.

Unfunded Needs List Review – Staff went over the released unfunded needs list MoDOT had released. The top 5 projects that the TAC put together from their collective county lists goes toward putting the unfunded needs list together. Only one project was Tier 1, 63/I-70 interchange. All but one project on TAC's top 5 list either made their way to the unfunded needs list in Tier 1 or 2, or they went into scoping to go on the STIP for construction.

MoDOT Central District Report – Kirsten gave a report on bridges and overlays getting ready to start in the region. Several projects are being awarded for the summer season. The roundabout at Henry Clay in Ashland is about to start.

Local Reports – Everyone gave a local update on what was going on in their county.

Adjourned – 2:45pm
