Approval of Agenda – Motion to approve agenda made and seconded. Vote passes unanimously to approve.

Approval of April TAC meeting minutes – Motion to approve minutes from the last TAC meeting moved and seconded. Vote passes unanimously to approve.

MoDOT Funding Update – Revenue is down. MoDOT is on a shortened work week and are still working from home. They will not be attending in-person meetings. Projects are moving forward. No impacts expected to Rocheport Bridge project. Money being pulled back from Governor's Cost Share program. Letters going out soon to projects on whether they will proceed. Could be \$100 million short by the end of the year on revenue.

Transportation Plan Update – Mid MO RPC staff will begin the Regional Transportation Plan Update. This plan is a living document but needs a major refresh every 5 years. Presentation went over what is currently covered in the plan. Staff will be gathering input at future TAC meetings and also at the individual county meetings in the fall when projects for the STIP are usually gathered. Though the STIP is currently suspended for the year project lists will still be updated in case the situation changes.

MoDOT update – Several projects around the Mid MO region are moving forward with construction or bids.

Meeting adjourned: 3:00pm
